

Courses Enhancement

Created a new module based on functionalities that describe in the Email.

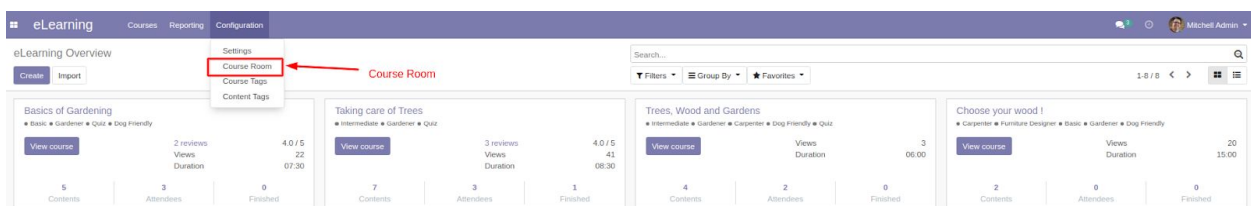

Technical Name: typewiser_courses_enhancement

Features:

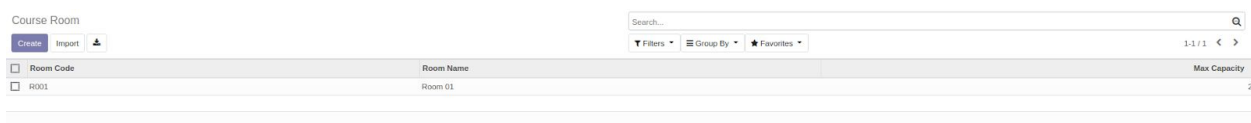

- 1) Courses – each course has an instructor, room, and lists of attendees and lessons. Each lesson is linked to the room. -- Done
- 2) Rooms – locations where lessons will be performed. Each room has its capacity, and the number of attendees can not exceed it. -- Done
- 3) Modify Contacts model: add fields “instructor” and “courses” in a contact form. -- Done
- 4) Check that person can not be an instructor and attendee of the same course and the same lesson. -- Done
- 5) In the website add a menu and a page where external users can read the description, locations, and schedule. -- Done
- 6) Create a report about courses including a number of lessons. -- Pending
